

Interview Performance Report

Candidate: Candidate

Date: 3/2/2026

Performance Scores

3.7

Overall

5.0

Communication

1.1

Technical

5.0

Confidence

0.0

Coding

🌟 Strengths

- Completed all interview stages successfully

🎯 Areas for Improvement

- Work on articulating thoughts more clearly
- Strengthen technical fundamentals and concepts
- Build confidence through more practice interviews
- Practice more coding problems and algorithms

💡 Recommendations

- Practice technical interviews regularly using platforms like LeetCode or HackerRank
- Review fundamental computer science concepts

- Work on communication skills by explaining technical concepts to others
- Take mock interviews to build confidence
- Study system design patterns and best practices
